INVITATION

**Ref: Invitation to the Conferences of the EU co-funded projects MuMMIA & Safe Host
Florence, 17-19 May 2013 – participation request by 15 February 2013**

Dear All,

Filcams is head of two projects co-financed by the European Commission, budget lines for Social Dialogue: Safe Host 04030301 and MuMMIA 04030303.

Safe Host, as provided by European Directive (2011/92) has the objective of defining the behavioural guidelines for those operating in the tourism sector so that they may adequately deal with phenomena such as sexual exploitation of children; the project Conference will take place during the Terra Futura fair: “exhibition-meeting of civil society, institutions, companies involved in the development of a sustainable future for everyone” that will take place in Florence 17-19 May 2013. <http://www.terrafutura.it/>

MuMMIA, the name representing the risk of immobility of trade unions compared to the dynamic nature of modern multinational companies, often operating in more than one sector, aims at facilitating the construction of trade union alliances or, following the Directive (2009/38), of EWCs, in Community size companies.

Some of the European partners of individual countries are the same and are interested in participating to both events; we have therefore deemed useful to propose to the Steering Committee of the two projects, which have agreed on the proposal, to have the two Conferences one after the other in the same venue.

The MuMMIA Conference will start late in the morning of the 17th of May, and will end the morning of the 18th.; while the Safe Host Conference will start late in the morning of the 18th and will end the day after. The town of Florence, especially in May, offers some interesting tourism opportunities such as art, culture and working events; hotels should be therefore booked well in advance; **we also kindly ask you to communicate as soon as possible, and no later than the 15th of February 2012, if you will take part to**
