

## **Resolution of the Gaming Meeting**

**September 14, 2011**

**The member unions of UNI Gaming Meeting have been informed in their annual meeting on September 14, 2011 in Brussels that three gaming houses in Saxony-Anhalt had to be closed temporarily. They have already stopped their business in May 2011.**

**The participants and their unions show solidarity with the 100 employees of the three gaming houses that are in great concern about their jobs and fight to keep them.**

**UNI Europe requests the provincial government of Saxony-Anhalt to make sure that the gaming houses are immediately put in a position to start working again with a new carrier.**

**The provincial government is requested in this context to fulfill their political duty.**
